

## General Description:

This system has stable performance , excellent sound quality simple , operation , and easy to use . its widely used in home karaoke teaching, conference, product promotion , promotion and other occasions.

## Technical Features:

Cartridge type:Magnetism  
Polar microphone pattern:  
omni directional  
Microphone impedance:1000 ohms  
sensitivity:100 dB  
Power supply:3.7 volt lithium battery  
Frequency band:UHF  
Frequency range:700 to 750 MHz  
Body Material:polycarbonate  
Output port:Mini TRS  
Product packaging weight: 500 g  
Product packaging dimensions:  
215 \* 155 \* 65 mm
