

General Description:

Soundco FC-206-BT Ceiling Speaker, set of two, is a 6-inch full-range speaker with 20-watt power. The presence of a 50-watt two-channel amplifier board in class D equipped with AUX and USB input ports and of course Bluetooth with password 8888 for effective communication is one of the features of this two-number ceiling speaker set. The use of ABS material in the production of the form is one of the strengths of this product in not changing the color in different weather conditions.

Technical Features:

Equipped with a 50 watt two-channel stereo amplifier
It has a 6-inch full-range speaker with 8 ohms
Cut size 193 mm
