## General Description:

The 5-meter non-Soundco cable is a practical all-copper interface for connecting all kinds of instruments to audio mixers or output to connect to power amplifiers. The use of 100% copper cable with the highest density of shield and soldering in industrial conditions has given special value to the durability and strength and of course the maximum conductivity of this product.

Technical Features:

Cable length: 5 meters
Connector type: TS
Cable type: 4040
Cable material: all copper
Cable specifications: 64+28+28
Cable thickness: 5 mm
Cable color: Black
Cable application:
Connecting the amplifier to the amplifier, connecting the monitoring speaker to the sound card, connecting the keyboard to the mixer
