# PA1000 Power Amplifier

## General Description:

Soundco PA-1000 power amplifier is a powerful 1000 watt amplifier suitable for installing ceiling, decorative and pillar speakers that can be connected to 0 and 100 V lines. To start and use this powerful power, just connect the output set of the mixer or pre-amplifier to the input of the power line and connect all types of speakers equipped with trans-matching to the output of this device up to 1000 watts.

## Technical Features:

device type: Rack mount, desktop
Amplifier type: H CLASS
Amplifier power: 1000 watts
Variable power in the voltage line: 100 volt line, 70 volt line
Stereo channel: 2 channels
Entrance port: TS, XLR
Output port: TS, XLR
Cooling fan:
Equipped with a variable speed cooling fan
Power supply: City Power
Required voltage: 220 volts
Body Material: Aluminum, metal
Product weight: 21 kg
Product dimensions: 483*500*132 mm
Product packaging weight: 22500 grams
Product packaging dimensions: 550*460*170 mm
