

SU-6200C Wireless Microphone

General Description:

Soundco SU-6200H two-channel wireless microphone, a professional diversity wireless microphone, four antennas, UHF width and frequency range of 600 to 900 MHz, with 2 x 100 variable digital channels, with very high antenna gain in closed space up to 120 and space It is open up to 200 meters.

Technical Features:

Microphone type: Wireless headset, wireless collar

Number of receiver channels: 2

Cartridge type: Condenser, magnet

Microphone polar pattern:

omni directional, uni directional

Microphone impedance: 1000 ohms

Frequency range: 50 to 15000 Hz

Softening filter: Yes

Bass reduction filter: Yes

Sensitivity: 110 decibels

Required voltage: 3 volts

Frequency band: UHF

Frequency range: 600 to 900 MHz

Variable channel: 100*2 channels

Useful range in closed space: 120 meters

Useful outdoor range: 200 meters

Body Material: Aluminum, polycarbonate

Output port: TS, XLR

Product packaging weight: 4950 grams

Product packaging dimensions:

510*280*130 mm
