

## UPC 1250TS Headmic Microphone

### General Description:

Soundco UPC-1250TS wireless headmic is a professional wireless microphone suitable for connecting to keyboards and audio systems such as echo amplifiers, mixers, power mixers and DJ tables, and of course laptops and even computers. The use of internal processor and data output thanks to PLL technology in the design of this UHF microphone, with the removal of air and additional noise, is one of the strengths of this product.

### Technical Features:

Microphone type: Wireless headmic  
Cartridge type: Condenser  
Microphone polar pattern: Unidirectional  
Microphone impedance: 1000 ohms  
Frequency range: 40 to 20000 Hz  
Softening filter: Yes  
Bass reduction filter: Yes  
Sensitivity: 100 decibels  
Power supply: 3.7V lithium battery  
Required receiver voltage: 3.7 volts  
Frequency band: UHF  
Frequency range: 700 to 750 MHz  
Variable channel: 16 channels  
Useful range in closed space: 50 meters  
Useful outdoor range: 150 meters  
Body Material: ABS, metal, Output port: TS  
Product packaging weight: 290 grams  
Product packaging dimensions: 295\*167\*60 mm
